## TECHNICAL DATA SHEET

## 2602 - FLAMED WOOD

## Product Description:

2602 Flamed Wood represents charred wood without being actually burned. The burned optic is gained by the special embossing process of multiple veneer layers. No unpleasant burnt smell, no dark stains, no crumbling and a closed surface, which does not need to be fixed afterwards.

## Composition:

2602 Flamed Wood is an embossed panel with special developed veneer and melamine resins with a black MDF core ( 9 mm ).or particle board ( 20 mm ).

Fields of application:
Only for interior: Interior fittings. Furniture manufacture.
Shop and fair construction. Doors.

## Technical Data:

First given measurement specifies the direction of embossment:

Invoiced size (mm): $\quad 2450 \times 1050 / 3135 \times 1270$ Delivered size (mm): $2450 \times 1050 / 3145 \times 1280$

Repeating pattern: No repeating pattern
